Become a Secured Party and set up Bailor Trust (\$1500 per individual)

Student loan - \$3000 to get it Started

After successful Discharge and you are 100% satisfied that it is \$0 Balance, you agree to pay a total success fee of \$_____, of which \$_____ (<---enter proposed amount) due immediately or within 30 days of success, and the remaining \$_____ (<----enter the difference) due by the end of the calendar year 20____. (<---enter the year) (please enter your proposal of what you can agree to).

Also upon success, you agree to give FIVE third-world entrepreneurs a small business micro loan via a charity we believe in, <http://www.worldvisionmicro.org/> OR <http://www.kiva.org>. Amounts can be as low as \$25 or more, it's a loan so it's expected to be paid back (site says 97%). As you get paid back, funnel the money back into giving more micro loans. This is an honor system and we won't keep track of this. Or you can contribute to building of schools in Africa, <http://www.build-africa.com/> or a similar charity that you find. This is a way we recommend of giving back after you have had your educational debt wiped off your shoulders for only a fraction of the cost.

Status Course is optional, not necessary but it's \$1500 or we'll give it for free if you and your partner both do the SPC process (\$3000 for \$4500 of value).
